stomach and other organs of digestion and nutrition. It restores nutrition. It restores strength to weak, nerv-ous, run-down men and

"About ten years ago I began to be afflicted with stomach trouble, also diarrhea," writes Mr. Wn. Walters, of Antrin, Mo. "In warm weather it grew worse, until it would throw me into a cramping chill. Was troubled so often that I sometimes thought my remedies, but they gave only temporary reflef. In November, 1800, thought I would try Doctor Pierce's Golden Medical Discovery. I got six bottles and took five in succession, then thought I would walt for a time and take the one left. Soon found I had symptoms of the rouble coming back, so took the sixth bottle and it cured me. I have enjoyed the best of health this summer, and the credit all belongs to your 'Golden Medical Discovery.' I can't express my many thanks to Dr. Pierce for his comedy, for it did so much for me. Words cannot express how severely I sufferent, let them address me, and I will take great pleasure in answering."

ASSAULTED BY THREE NEGROES With her one-year-old babe by her side and her husband away delivering and the victim in each case was nine milk, Mrs. Elsie T. Biddle, the young years old. wife of Charles Biddle, a farmer living along the Rancocas road, near Burlington, N. J., was the victim of criminal worst that has ever occurred in that sec-

the perpetrators, Mrs. Biddle recognized one of the men as Aaron Timbers, who was recently released from the Jamesburg Reform School. The second man is said to be a well-known negro character, and the third an unknown farmhand. Pur-

suspects were taken to the Burlington window sill. At the lockup a large crowd had assembled and threatened tolynch them. It was with much difficulty that they were gotten into the building safely.

Both men declare they are innocent.

Mrs. Biddle was washing the breakfast dishes when she heard a knock at the door. Responding to the call, she wasc onfronted by three masked negroes, one of whom she is sure is Timbers. This man held a revolver to her head and demanded her money. She pro-tested she had nothing, to which Tim-bers, who had been employed on the farm and knew the family, replied that she lied, and that money was on the second floor. Leaving one man on guard, the other two forced Mrs. Biddle to go up stairs and secure the money. Under cover of the revolver money. she produced \$13. The negroes found a watch, which they returned on her plea that it was given to her by her mother. The negro who was on guard was called up stairs and Mrs. Biddle's hands were tied behind her and two handkerchie's stuffed in her mouth. With a revolver pointed at her head, Mrs. Biddle was assaulted by each of

the negroes. They then left the place.
Burlington, N. J., July 6.—Tobias
Jones, one of the trio of negroes suspected of having brutally assaulted Mrs. Charles Biddle, was positively identified by the unfortunate woman, who confronted him in the court house, this morning. Mrs. Biddle nearly collapsed when she saw Jones and there was an ALL KINDS OF LIQUORS.

An accommodation train on the Chicago. Peoria and St. Louis Railroad was

cago, Peoria and St. Louis Railroad was blown from the track at Oakford, Ill., twelve miles north of Petersburg, early yesterday morning. Baggageman Thos. Wiley, of Springfield, was killed, and fitteen to twenty passengers were injured, some of them seriously. The engineer, who escaped injury, said that he watched the gathering storm closely, as his train sped along, as he feared from the ap-pearance of the clouds that a tornado pearance of the clouds that obtained might result. As the train approached Oakford the clouds suddenly seemed to concentrate and drop, apparently coming directly toward the train. Realizing that the train would encounter the tor-nado if it proceeded, the engineer quickly shut off steam and came to a halt. The approaching tornado, when about a mile away to the southwest, and coming mile away to the southwest, and coming northeast, suddenly swerved farther to-ward the north, and the train was di-rectly in its path. Instantly the engi-neer opened the throttle in a wild en-deavor to rush beyond the scene of dan-ger, and again the tornado sw-rved and headed directly for the distriction. headed directly for the flying train. The roar was heard plainly above the rattle of the train. Steam was crowded on and like a rocket the light accomodation, jumping and pounding on the rails, fore the cyclone and pass in safety. Sud-denly, with a crash that was heard above the rumble and roar of the tornado, the train was struck broadside, the coaches torn from the engine, and lifted into the air, and hurled from the embankment into the ditch seven feet below, turning a complete somersault in the descent and landing a splintered mass. The engine

alone remained on the rails. Shot to Death by a Mob.

At Middendorf, S. C., John Talor, colored, nineteen years old, attempted an assault Monday morning upon Mrs. Noel C. Johnson, and later upon the nine-years-old child of J. E. Doneyhow. He was tracked to the Seaboard work train at Middendorf, where his movements were watched. Early yesterday morning about twenty-five armed men took him from Middendorf, and the negro was identified by one of the victims. When about half a mile from the station MAGAZINES, FASHION BOOKS AND the negro broke away and ran for a LLUSTRATED PAPERS of all kinds.

As he ran he was riddled with swamp. As he ran he was riddled with shot. He fell after a 300-yard dash. Dyson's Bookstore,

The Simplicity Mosquito Canopy frame is made from the highest grade spring steel, and we can positively assert that it is the simplest of construction and the most durable of any mosquito canopy on the market. It is easier of adjustment, being set on metal beds without clamps or screws, with no friction to mar or scratch the bed, and will remain in its position without any motion when being used and can be used on any metal bed. It is the only frame that has no rights or lefts to cause confusion. We are showing the Simplicity Mosquito Canopy on a small model iron bed and invite your inspection of same.
